

Software Developer – ERP Practice San Francisco Bay Area or Pacific Northwest

Systems Advisory Services (SAS), a leading West Coast consulting firm providing business information system services to middle market companies, is searching for qualified candidates for openings in our ERP practice.

Our company implements ERP software systems (SYSPRO and Acumatica) for manufacturing clients, typically growing, dynamic “mid-market” companies in electronics, life sciences/medical device, food, and industrial products industries.

Job Duties:

- Work with our experienced consulting team in the design and development of software programs to:
 - Integrate our client’s ERP software to third party solutions
 - Enhance the ERP software to fit a business requirement
 - Develop web-based applications to capture and process transactions and integrate those transactions into the ERP software
 - Create complex reports to fit clients’ reporting requirements
- Document applications per SAS standards
- Train client personnel on the applications developed
- Provide support and enhancements for the applications developed

Requirements:

- Basic knowledge of ERP software
- 2-4 years experience developing applications that integrate to (or enhance) ERP systems. .
- Proficient with the Microsoft .NET development stack including:
 - ASP.NET
 - VB.NET/C#
 - SQL Server
 - HTML & Javascript
- Experience with Crystal Reports is desired.
- Strong partnering skills are required
- Candidate must reside in the greater Bay Area region or the Portland/Seattle area in order to effectively serve our client base. Some West Coast travel will be required.

Since 1990 SAS has helped hundreds of middle market companies achieve their business goals and maximize the value of their software investment. If you feel you can become part of a team of business software experts and challenge your skills working with fast-paced middle market companies, send us your resume.

Starting salary range for this position is \$75,000-\$90,000, plus bonus. We offer an excellent and comprehensive benefit package including: medical, dental, and vision insurance, paid vacation and a 401(k) program.
